Dear Gemma,

Thanks for that, just for your website recommendation,

We have used this cold tar product on the Driveway at Rosleague Manor Hotel, the car park at my parents House and on a new development of Townhouses in Ardbear, Clifden.

Having spent years messing with barrels of tar & chippings, this is so much quicker, cleaner & easier. It's a brilliant product for smaller jobs.

Ordering, costings and delivery have been first class.
